C rating will be in October. Anyone who wants to join please let us know. Robin and Sofie will be going for their C2 ratings. Hannah Aloumouati is available for the prep work required.

**MOC Camp.** The Daniel Stewart Clinic is up next followed by camp. 10 kids have signed up and one non-rider. We are encouraging and asking all the C's to come back and help, with anything they would like. We have two beginners for sure. All of the campers need to learn the move in the "Pony Club" way. Pony Club basics 101 will be covered. Mounted Games, Tet rally rules will be on the agenda. Kids will be shown all aspects of Pony Club. The main focus of the camp will be to encourage young and new members that there is something for everyone in Pony Club. Tory and Heidi will be teaching dressage. Beto and Anthony have responded to participate as C mentors. Kids will be camping out every day.

**MOC CT** – There are five entries currently plus the nine campers. CT will not be run as a fund raiser. All entries will be accepted. This is primarily a benefit to our volunteers. The dressage judge is asking for a replacement. Lisa white is the jump judge. The main cost is the dressage judge. Jan Garlitz and Sherry Myer are local and available. All the new younger members will learn how to show at a combined test. The CT entry form is on the website. CT will start at 8am, the campers starting first and then the open entries. This CT is meant for the campers to learn and enjoy what competing at a CT is all about.

**Other Agenda**

The Ride safe bracelets have been approved for purchase for MOC instead of the medical armbands. They are much more fun and less cumbersome than the arm bands. You may call Krystal for more information or team ride safe at Morningside. Numbers are down nationwide with Pony Club membership, and new ideas need to be implemented. Horse Masters is being encouraged to get a more knowledge based participation, membership and leadership. New leadership is being recruited, Tory has shown interest.

**National Certification**

A huge Congratulations to Madeline Wallach and Anthony Forrest who passed their C3 certifications. The rating went well in a more relaxed atmosphere.

**The next meeting was set for September 5, and the meeting was adjourned.**
